home of the well worker

WHO WE ARE

CHROMIS Occupational Medicine is a new player in the occupational health and medicine field.

The practice principals are medical doctors who have considerable experience in the occupational medicine waters.

CHROMIS provides a full range of occupational health and medical services.

CHROMIS will manage your employees within the relevant Workers' Compensation system.

CHROMIS is committed to a prompt, practical and efficient service.

CHROMIS delivers personalized service, tailored to your requirements.

CHROMIS offers a complete range of worker health and medical services to all industrial and occupational groups.

WHAT WE DO

Pre-Employment Medical Assessment

Our aim is to make certain that your workers are fit for the inherent tasks of the job.

Travel Medicine Service

Travelling overseas for work? Let us take care of all of your travel health by providing timely and relevant advice, vaccines and medications to keep your health safe overseas.

Fitness For Duty Assessment

Sometimes health issues come up in the course of employment. Prolonged or excessive sick leave reduces performance and impacts negatively on your business productivity. The **CHROMIS** assessment offers you independent advice about your employee's medical or psychiatric (mental health) status.

Vaccination and Immunization

Protect your workforce and maintain productivity with simple and appropriate vaccination and immunization.

Drug and Alcohol Testing

When safety is a critical issue in your workplace, **CHROMIS** will help you to develop policy and deliver programs of drug and alcohol testing.

Medical Assessment for Specific Job Categories

Some job categories have specific legislative requirements, including divers, seafarers, pilots, railway workers and commercial vehicle drivers.

Injury Management

The **CHROMIS** approach to injury management is based

on the principle that maintaining the injured worker in the workplace achieves the best outcome for all parties.

Employee Assistance Program

When your employee requires psychological assistance for any sort of issue, **CHROMIS** will organise speedy confidential intervention by suitably qualified professionals.

Health Screening

Chronic disease reduces productivity and may shorten working life. **CHROMIS** will work with you to develop and deliver health screening programs for your workforce.

Rehabilitation

CHROMIS aims for identification of all relevant issues to ensure an early and durable return to work.
